Recap of ProPak China 2024

From June 19 to 21, ProPak China 2024 was successfully held at the National Exhibition and Convention Center (NECC) with **936** famous enterprises from **16** countries and regions gathered here in Shanghai to showcase their latest outcomes, including Belgium, Canada, China, France, Germany, Italy, Japan, Netherlands, New Zealand, Peru, Spain, Sweden, Switzerland, United Kingdom and United States.

During the 3 exhibition days, the number of visitors reached **53,733** which sees a remarkable increase of **12.81%** compared to year 2023. Moreover, overseas visitors from **112** countries and regions takes a proportion of nearly 10% of the total visitor number, which once again proved the essential status of ProPak China on the international stage.

Visitor Quotes

I come from Saudi Arabia, and we participate here in ProPak China looking for packaging machinery as a food manufacturing company. We saw a lot of quality suppliers at the exhibition which gave us a good experience, and we hope to make some trade cooperation with the local market as well.

Mohammed Showkat Anwar,
MOHAMMED MOUSA BOKHAMSEEN SONS COMPANY

It's very happy to be among ProPak China 2024 and I'm excited with the factories I saw here. Today, I'm here with business team to connect Asia market to the foreign end buyers in our countries. We have company branches in Dubai, UAE, Nigeria, Zambia, etc. I'm probably to be here next year again, connecting more factories is our next work.

Agboifo Edmond Omenonye,
CEO, DEIL-Loft

Thanks for the opportunity to be here at ProPak China 2024. It's a good opportunity to make big business! I'm the owner of a company in Russia and my job is to connect the factories and the final buyers with providing consulting service, checking product quality and organizing the whole process. I would like to join the exhibition again in the future and thanks for the opportunity.

Liubov Ivantsova,
Ivantsova Consulting

The main purpose of visiting ProPak China 2024 for us is to purchase filling and sealing machine. We have in-depth communication with several large exhibitors, and the visiting experience is quite good. We can have a chance to closely watching the equipment and expanding our horizons which is helpful to our enterprise in the packaging and quality control field.

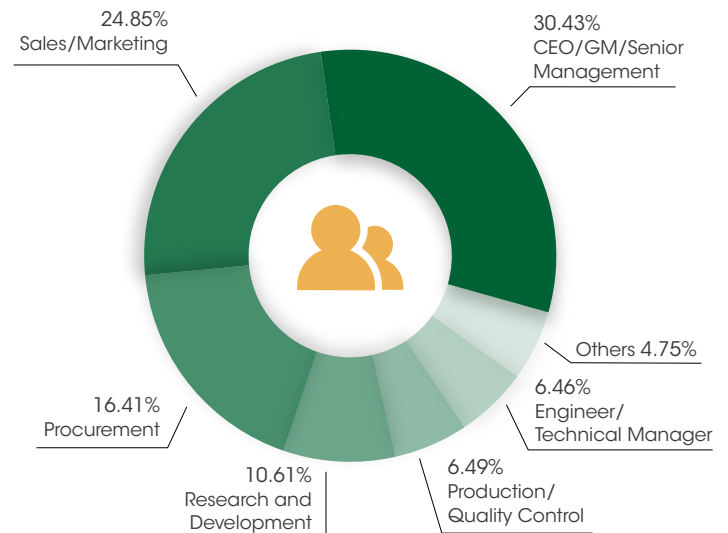

Wang Peng,
Equipment Department, KOU ZI JIU YE

This year's ProPak China event was a great success to Okura. We had a great flow of customers onsite which highly increased our business opportunities and enhanced our brand awareness. We collected customers' feedback while learning about their satisfaction with our products and services during the exhibition, which laid a solid foundation for our company's subsequent decision-making.

Xie Shifeng, Sales Director (China District)
Okura Flexible Automation Systems (Shanghai) Co., Ltd.

We have been supporting ProPak China for more than two decades. As one of the leading manufacturers in the liquid packaging industry, ZHONGYA showcases the latest innovations, technologies and applications every year at the exhibition. It is a good platform to learn industry trends and future demands, ZHONGYA will continue to introduce various products with international competitiveness to boom the industry.

Liu Qingqing, Executive President Assistant
Hangzhou Zhongya Machinery Co., Ltd.

Exhibitor Quotes

Our company has participated in ProPak China for many times. This year we see overseas visitors are far more than the previous years, and their high enthusiasm has a positive effect on the expansion of foreign markets. Thanks to the organizers for their warm service in the past few days, and we will be here again next year!

Wang Xiaopan, Marketing Director
Helper Machinery Group Co., Ltd.

ProPak China is one of the most important shows to our company each year. Our main purpose of exhibiting is to increase brand exposure while recommending the latest and the most cost-effective packaging solutions to visitors at home and abroad. This exhibition highly reached our expectations because customers from around the world came to our booth and the exhibition scale brought great confidence to our further cooperation.

NECC (Shanghai) No. 1888 Zhuguang Road, Qingpu District, Shanghai

The National Exhibition and Convention Center (NECC) in Shanghai is a large exhibition center co-built by Ministry of Commerce of China and Shanghai Municipal Government, with a total construction area of 1.47 million square meters, among which 1.27 million square meters are above ground. It consists of exhibition halls, the NECC Plaza, office buildings and a high-end brand hotel, offering services concentrating exhibition, convention, events, commerce, office work and accommodation.

The facade of the NECC building draws inspiration from a mellow and auspicious 'four-leaf clover' with the Commercial Plaza acting as the central core and the exhibition halls as the leaves. Blending with many Chinese elements and design concept of symmetry axis layout, it is one of the landmark buildings in Shanghai.
