Exhibitor Quotes

Huang Junlong, General Manager
GURKI PACKAGING MACHINE CO., LTD.

ProPak China is an indispensable annual event for our company to enhance brand exposure, launch innovative products, and network with international clients. This year's record-breaking exhibition attracted countless visitors, providing valuable opportunities and confidence for future growth. We wish ProPak China continued success and look forward to a bright future together!

Tang Xinhui, Sales Department Manager
SHANGHAI YAMATO SCALE CO., LTD.

ProPak China was not just a showcase of products and technologies but also a grand industry event fostering idea exchange and mutual success which revealed the vibrant growth and boundless potential of the food processing and packaging sector. Our company will take this opportunity to bring more surprises and opportunities and to lead the industry to new heights.

YAMADA TAKAYASU, General Manager
SHANGHAI ISHIDA ELECTRONIC SCALES CO., LTD.

We have participated in ProPak China for 30 years and it is a pivotal platform for our expansion in China and the Asia-Pacific market. It is essential for us to connect with global clients, and it efficiently highlights our latest technologies and solutions. The overwhelming turnout allowed us to secure multiple partnerships which significantly boosted our brand influence and market recognition.

Si Mingjie, Marketing Director
JIANGSU TOM INTELLIGENT EQUIPMENT CO., LTD.

TOM has a long-standing partnership with ProPak China. This year's event attracted a large, high-quality crowd, with 70% of visitors being targeted buyers from key global markets. We displayed our latest smart manufacturing solutions, including engineering designs and intelligent filling lines. The conferences offered valuable insights, expanded our network, and delivered exceptional results, making it a highly rewarding experience!

Shao Xianrong, Deputy General Manager
SHANGHAI YUANAN FLUID EQUIPMENT TECHNOLOGY CO., LTD.

The exhibition results exceeded our expectations, with strong interest from international clients in our sanitary fluid equipment. As a specialized Chinese manufacturer, our products attracted significant attention from customers in Europe and Southeast Asia. Multiple cooperation intentions were reached on-site, and our global brand visibility was greatly enhanced. We thank the organizers for enabling efficient connections with high-quality buyers worldwide and we have already reserved our booth for the next year.

Xu Shengchao, Domestic Marketing Director
SHANDONG DINGTAISHENG MACHINERY TECHNOLOGY CO., LTD.

As a specialist in thermal sterilization equipment for food and beverages, we take ProPak China as a key industry platform. We showcased new retort technology and met with many clients to provide customized solutions. Many domestic and overseas visitors came to our booth, resulting in multiple cooperation intentions. Direct interactions on the exhibition floor demonstrated the reliability and technical edge of our equipment.

Pan Yanping, Head of International Business
EARFLAP INTELLIGENT EQUIPMENT (JIAXING) CO., LTD.

ProPak China strongly accelerated our new brand expansion. We connected directly with high-level buyers and potential agents with purchasing authority onsite. The event attracted quality overseas visitors, creating real opportunities for export-oriented companies like ours. We appreciate the excellent organization and look forward to future collaboration with ProPak China.

Jiang Chunpeng, Sales Director
SHANGHAI SOONTRUE MACHINERY EQUIPMENT CO., LTD.

ProPak China has built an efficient trading platform for the processing and packaging industry, promoting international cooperation and driving innovative development. We extend our sincere gratitude to the organizers for their instrumental role in this exhibition, while we are excited to build on this momentum with our global partners as well. See you in 2026 for another remarkable chapter.

As a premier annual event in the processing and packaging industry, the exhibition drew strong interest from top companies in sectors such as food, confectionery, condiments, dairy, beverages, daily chemicals, pharmaceuticals, health products, home appliances, 3C products, e-commerce, logistics, and many other fields. Leading buyers engaged deeply with exhibitors, exploring collaboration opportunities and showcasing supply chain synergy. Below is a partial list of end-industry buyers:

E-commerce/Logistics

ProPak China displayed an exceptionally comprehensive range of processing and packaging equipment, showcasing the latest end-to-end technological solutions from production to packaging. Beyond connecting with top-tier suppliers and expanding our professional network, we gained valuable insights into China's cutting-edge intelligent manufacturing technologies and competitive production strengths.

ATIF AHMED, Deputy General Manager
Shangrila Foods (PVT) LTD.

ProPak China brought together our key partners in China. Our primary goal in attending was to establish cooperations and to introduce high-quality Chinese processing and packaging equipment to the Russian market. Here, we observed that suppliers and equipment are evolving rapidly, allowing us to access cutting-edge information and connect with the latest suppliers and machinery.

ALEXANDER CHELUSHKIN, Sales Manager
MARSUS TRADING

We attended ProPak China to discover advanced packaging and automation solutions. The exceptional technical capabilities shown by the equipment onsite left us with a strong impression, particularly making significant gains in integrated product packaging systems and inspection equipment. Excited by the innovations, we'll return next year to explore more breakthroughs.

MADESHWARAN KATHIRAVAN, General Manager
Y-COOK INDIA PRIVATE LIMITED

During our on-site visit, we focused on three core objectives: sourcing machinery for corn processing, equipment for packaging and labeling, and sustainable packaging materials. The exhibition showcased numerous groundbreaking innovations and a diverse range of equipment, while the professionalism and collaborative spirit of exhibitors left a profound impression on us. This visit was truly rewarding.

Trade Association Quotes

Federation of Malaysian Manufacturing (FMM)

On behalf of the Federation of Malaysian Manufacturing (FMM), we thank the organizers of ProPak China 2025 for a well-organized and impactful exhibition. FMM led a buyer delegation from Malaysia to explore the latest innovations in processing and packaging for the food, beverage, pharmaceutical, and consumer goods sectors. Our delegates gained valuable insights into global trends and future-ready solutions and appreciated the variety of exhibits as well as the opportunity to visit related exhibitions held under one roof. We sincerely appreciate the smooth on-ground support and kind hospitality extended to our delegation during the event.

Minsk Branch of Belarusian Chamber of Commerce and Industry (BELCCI)

During ProPak China, we conducted over 100 business talkings with Chinese equipment manufacturers and potential partners, focusing on modern meat processing/packaging lines, supply chain optimization, export packaging design, and joint collaborations. On-site contracts were signed with three leading Chinese enterprises, creating new opportunities for industrial upgrading. This visit highlighted the strong potential of Belarus-China agricultural cooperation, which will lay a solid foundation for modernizing Belarus' meat processing industry and expanding its global market presence—particularly in China. We look forward to deepening collaboration with ProPak China to further support Belarusian companies in exploring international opportunities.

The Malaysia Entrepreneurs' Development Association (PUMM)

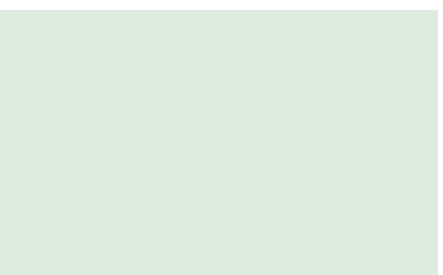

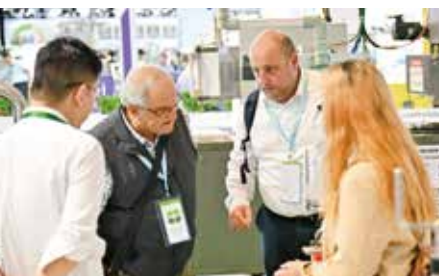

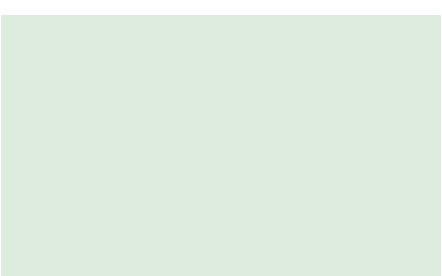

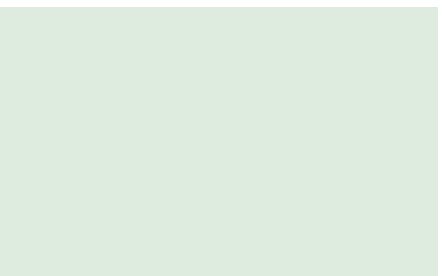

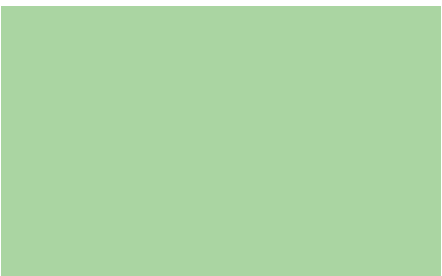

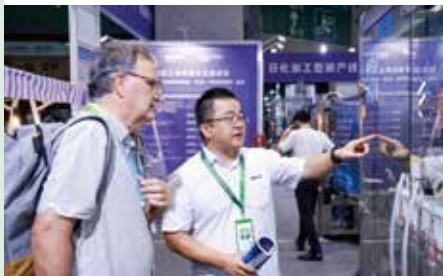

PUMM sincerely thanks ProPak China 2025 for organizing such a professional and insightful event. The exhibition showcased cutting-edge packaging technologies, automation, and sustainability trends, offering our Malaysian SMEs invaluable learning and collaboration opportunities. We were impressed by its scale, international participation, and well-curated thematic zones, which enriched our perspectives and sparked meaningful dialogues. More than a trade show, ProPak China is a global innovation platform. We look forward to future engagements to strengthen ties between Malaysian entrepreneurs and global solution providers. Special appreciation to the organizers for their warm hospitality.

China Light Industry Enterprises Investment & Development Association

Congratulates on the successful held of the 30th International Processing and Packaging Exhibition (ProPak China 2025). As a leading Asian industry event, it drives technological upgrades and smart transformation. We look forward to deeper collaboration to advance intelligent manufacturing and high-quality development in China's consumer goods sector.

Qingdao Food Industry Association

As a long-term partner of Sinoexpo Informa Markets, Qingdao Food Industry Association has consistently participated in ProPak China for many years. The exhibition serves as an optimal platform to access cutting-edge technologies, enhance production efficiency, and elevate product quality standards. We highly appreciate organizer's efforts on this professional exhibition and look forward to further cooperation to promote the high-quality development of Qingdao's food industry.
