Exhibitor Quotes

We have participated in ProPak China for 30 years and it is a pivotal platform for our expansion in China and the Asia-Pacific market. It is essential for us to connect with global clients, and it efficiently highlights our latest technologies and solutions. The overwhelming turnout allowed us to secure multiple partnerships which significantly boosted our brand influence and market recognition.

YAMADA TAKAYASU, General Manager
SHANGHAI ISHIDA ELECTRONIC SCALES CO., LTD.

ProPak China is an indispensable annual event for our company to enhance brand exposure, launch innovative products, and network with international clients. This year's record-breaking exhibition attracted countless visitors, providing valuable opportunities and confidence for future growth. We wish ProPak China continued success and look forward to a bright future together!

Huang Junlong, General Manager
GURKI PACKAGING MACHINE CO., LTD.

ProPak China was not just a showcase of products and technologies but also a grand industry event fostering idea exchange and mutual success which revealed the vibrant growth and boundless potential of the food processing and packaging sector. Our company will take this opportunity to bring more surprises and opportunities and to lead the industry to new heights.

Tang Xinhui, Sales Department Manager
SHANGHAI YAMATO SCALE CO., LTD.

TOM has a long-standing partnership with ProPak China. This year's event attracted a large, high-quality crowd, with 70% of visitors being targeted buyers from key global markets. We displayed our latest smart manufacturing solutions, including engineering designs and intelligent filling lines. The conferences offered valuable insights, expanded our network, and delivered exceptional results, making it a highly rewarding experience!

Visitor Quotes

ProPak China displayed an exceptionally comprehensive range of processing and packaging equipment, showcasing the latest end-to-end technological solutions from production to packaging. Beyond connecting with top-tier suppliers and expanding our professional network, we gained valuable insights into China's cutting-edge intelligent manufacturing technologies and competitive production strengths.

ATIF AHMED, Deputy General Manager
Shangrila Foods (PVT) LTD.

ProPak China brought together our key partners in China. Our primary goal in attending was to establish cooperations and to introduce high-quality Chinese processing and packaging equipment to the Russian market. Here, we observed that suppliers and equipment are evolving rapidly, allowing us to access cutting-edge information and connect with the latest suppliers and machinery.

ALEXANDER CHELUSHKIN, Sales Manager
MARSUS TRADING

We attended ProPak China to discover advanced packaging and automation solutions. The exceptional technical capabilities shown by the equipment onsite left us with a strong impression, particularly making significant gains in integrated product packaging systems and inspection equipment. Excited by the innovations, we'll return next year to explore more breakthroughs.

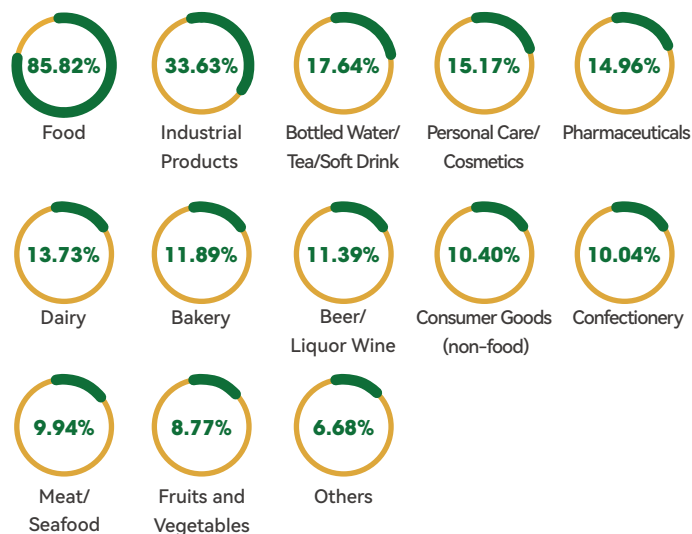

MADESHWARAN KATHIRAVAN, General Manager
Y-COOK INDIA PRIVATE LIMITED

During our on-site visit, we focused on three core objectives: sourcing machinery for corn processing, equipment for packaging and labeling, and sustainable packaging materials. The exhibition showcased numerous groundbreaking innovations and a diverse range of equipment, while the professionalism and collaborative spirit of exhibitors left a profound impression on us. This visit was truly rewarding.

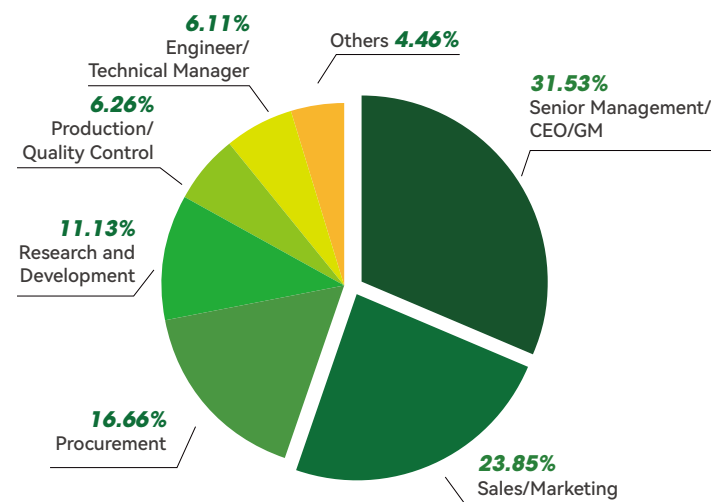

OBEOLUYEMISI OLUBUNMI, Chairman
PROTHRIVE ASTUTE HEIGHTS LTD.

Conference Review

ProPak China collaborated with industry associations to host 16 high-level industry summits and thematic forums, which facilitated in-depth discussions on cutting-edge topics across various fields, including intelligent transformation, new material R&D, packaging design iteration, and fermentation technology innovation.

2025 Global Catering Innovation and Development Technology Forum

Green Future of Sustainable Daily-chemical Packaging

2025 Summit on Intelligent Manufacturing in the Daily Chemical Industry

Yangtze River Delta Forum: Advancing Instrumentation Technology for Sustainable Growth

2025 Intelligent Manufacturing and Embodied Robotics Industry Conference

2025 The 20th Beverages & Ice Cream Forum

2025 Nutrition and Health Food Packaging Innovation Technology Forum

LTx Seminar on Smart Logistics Packaging Technology

Russia National Day

Factory Construction Digital Transformation Supply-Demand Matching Conference

Innovative Packaging Forum for Daily Chemical and Health Products & 2025 Green Packaging Innovation Design Awards Ceremony

2025 Consumer Goods Industry Intelligent Manufacturing Conference

The 21st Central Kitchen (Prepackaged Food Factory) Construction and Development Summit

The 2nd Fermented Food and Bioprocessing Technology Forum

2025 ProPak & PKG Family Retail Brands Cocktail

Innovative Design Drives Sustainable Packaging for The Future

Onsite Business Matching Event

— Precise Global Resource Alignment, Empowering Worldwide Business Opportunities

As one of ProPak China's featured events that could not be missed onsite, the offline business matching event co-hosted by ProPak China and SJGLE B2B platform successfully completed a total of **498** targeted pairing sessions with notably **356** sessions (over **70%**) dedicated to international buyers, which attracted buyers from **China, Egypt, Germany, Indonesia, Malaysia, Mexico, Russia, Thailand, Vietnam** and other countries.

Overseas buyers representing industries such as health products, prepackaged foods, beverages, and agricultural products, engaged in in-depth discussions with exhibitors onsite, starting topics around smart filling equipment, digital packaging production lines, aseptic processing technologies and other processing and packaging issues, which leads to multiple cooperative agreements in equipment procurement, packaging solutions, and production line upgrades.

ProPak China 2026

ProPak China 2026, the 31st International Processing and Packaging Exhibition organized by Sinoexpo Informa Markets will be held on **June 15-17**, at **the National Exhibition and Convention Center (NECC) in Shanghai**.

The exhibition provides an in-depth focus on the processing and packaging sectors, mainly featuring exhibits across 8 core categories: Packaging Machinery, Food Processing Machinery, Smart Packaging and Manufacturing, Filling Technology and Equipment, Fermentation Technology and Equipment, Daily Chemical Processing & Packaging, Packaging Materials and Products, Printing and Labelling Equipment, further the exhibit scope also extends to emerging industry fields such as E-commerce Logistics Packaging, Intelligent Warehousing Systems as well.

From raw material processing to end packaging, ProPak China will systematically showcase the complete industrial chain delivering one-stop solutions for industries including food, beverage, dairy, cosmetics, pharmaceuticals, health products, and fast-moving consumer goods. In conjunction with **FoodPack China**, **Hi & Fi Asia-China**, **HNC** and **Starch Expo**, the exhibition acts as one of the most essential events in China Market and links upstream and downstream of the industry chain to provide advanced manufacturing equipment, solutions, and technologies for the professional visitors.

NECC (Shanghai) No. 1888 Zhuguang Road, Qingpu District, Shanghai

The National Exhibition and Convention Center (NECC) in Shanghai is a large exhibition center co-built by Ministry of Commerce of China and Shanghai Municipal Government, with a total construction area of 1.47 million square meters, among which 1.27 million square meters are above ground. It consists of exhibition halls, the NECC Plaza, office buildings and a high-end brand hotel, offering services concentrating exhibition, convention, events, commerce, office work and accommodation.

The facade of the NECC building draws inspiration from a mellow and auspicious 'four-leaf clover' with the Commercial Plaza acting as the central core and the exhibition halls as the leaves. Blending with many Chinese elements and design concept of symmetry axis layout, it is one of the landmark buildings in Shanghai.
